Research Assistant: Research and Operations Support

The Yale Center for Environmental Law & Policy advances fresh thinking and analytically rigorous approaches to environmental decision-making across disciplines, sectors, and boundaries.

In addition to its research activities, the Center aims to serve as a locus for connection and collaboration by all members of the Yale University community who are interested in environmental law and policy issues. The Center supports a wide-ranging program of teaching, research, and outreach on local, regional, national, and global pollution control and natural resource management issues. These efforts involve faculty, staff, and student collaboration and are aimed at shaping academic thinking and policymaking in the public, private, and NGO sectors.

**We seek a Research Assistant to support the Center’s operational and research needs as they arise.**

This research assistant will help with projects including, but not limited to:

- The Solutions for Energy, AiR, Climate, and Health Center (SEARCH) Project
- Yale Workshop on Trade and Climate Change
- Latin American Corporate Sustainability Analysis project
- Yale Initiative on Sustainable Finance
- YCELP Distinguished Speaker Lunch Series

**Requirements:** Applicants should have excellent writing and research skills. The essential requirement of this role is the flexibility to respond rapidly to both anticipated and unexpected research and operational demands in support of the Center’s work combined with the ability to produce superior, academically defensible work under pressure.

Pay will be at established Yale rates, commensurate with experience.

The position will require about 10 hours per week; hours are generally flexible.

To apply, please submit a resume and cover letter to ycelp@yale.edu
